Total Minority 1997-98 18.9%

EFFORTS TO REDUCE RACIAL, ETHNIC, AND ECONOMIC ISOLATION

Connecticut law requires that school districts provide educational opportunities for their students to interact with students and teachers from diverse racial, ethnic, and economic backgrounds. This may occur through programs with other schools, distance learning, or other experiences. Below is the description submitted by this school of how it provides such experiences.

In an effort to unify the diverse areas of our school population, Duffy School created an exciting and collaborative program for a segment of our community that is located in an ethnically diverse, primarily low-income area which borders the city of Hartford. HANOC (Hillcrest Area Neighborhood Outreach Center) is a grassroots, collaborative effort that has become a cooperative venture with Duffy teachers and parents, Sedgwick Middle School, Wolcott Elementary School, the Bridge Family Center, the West Hartford Housing Authority, the West Hartford Neighborhood Services, the Brookstone Court Property Management, and the West Hartford Police Department.

A Homework Center Program is provided on Monday, Tuesday, and Thursday afternoons from 4:30-5:30 p.m. It is staffed by parent volunteers living in the Brookstone Apartments and by our teachers from Duffy School, who volunteer one hour per week. The purpose of the Homework Center is to improve student study habits, to provide assistance with homework, to make tutoring available, and to provide computers with printers as needed for completing homework assignments. At times, children also have the opportunity to work on arts and crafts projects. As a result of this program, student attendance has significantly improved and the academic areas have improved as well.

Another use of HANOC is our summer program. Two teachers headed a three-week, four-hour per day experience. The objective of this summer session is to support our students throughout the summer so that upon their return to school, academic regression is diminished. Students who attended HANOC for our summer pre-kindergarten program have demonstrated great success as they transition into our full-day kindergarten.

Each year in the fall, parents are given an opportunity to attend seven sessions of parenting classes where childcare is provided. In addition to classes provided at school, efforts are made to provide parenting support at HANOC so transportation is not a problem.

Besides using HANOC to prepare racially and economically isolated youth for a successful school experience, Duffy provides a social studies curriculum that prepares all students to understand and appreciate different cultures including Mexico, Africa, Japan, and the West Indies. The Spanish language program for intermediate students also educates students about the cultures of Spanish-speaking nations.

One of the goals of Duffy School is to develop the character of all students. Through our character education program, students learn the value of diversity and respect for others. Our support staff uses friendship circles at all grade levels to assist with this goal. Duffy students have a sense of belonging that is a key to integrating and including all students and helping them to be successful at school and beyond.

SCHOOL RESOURCES

Instructional Time*	School	District K-6	State K-6
Total Hours of Instruction Per Year	984	984	986

*State law requires at least 900 hours for grades 1 through 12 and full-day kindergarten, and 450 hours for half-day kindergarten.

TECHNOLOGY

% of Classrooms, Libraries, and Laboratories Wired for:	School	District K-6	State K-6
Video	100.0	100.0	56.0
Voice	100.0	100.0	68.5
Internet Access	100.0	100.0	93.9
Multi-Room Network (LAN)	100.0	100.0	69.6

Computers	School	Dist K-6	State K-6
# of Students Per Academic Computer	4.0	4.7	4.5
% of Computers that are High or Moderate Power	100.0	99.8	95.0
% of Computers with Internet Access, All Speeds	100.0	94.9	85.2
% of Computers with High Speed Internet Access	100.0	94.9	81.2
% of Internet Computers with Filtering Software	100.0	99.8	86.4

This school does not have a functional satellite link.

LIBRARY MATERIALS

Free on-line access to periodicals, newspapers, and other resources is available to all Connecticut schools through the Connecticut Digital Library.

Print and Non-Print Materials	School	Dist K-6	State K-6
# of Print Volumes Per Student*	21.3	31.0	24.0
% of Print Volumes Purchased in the Last Three Years	22.4	12.6	16.1
# of Print Periodical Subscriptions	27	24.9	17.3
# of Non-Print Materials	273	255.4	421.6

*Because a certain number of volumes are needed for a library of adequate breadth and depth, a small school may need a higher number of volumes per student.

STAFFING RESOURCES

Average Class Size		School	District	State

World Languages*	36	41	11	No

*Interdisciplinary Approach

World Language

Formal instruction (at least 1 hour per week) in a world language starts in grade 4 in this school. In Connecticut, 13.4% of K-6 schools have started world language instruction at this grade or earlier.

Types of Supplemental Instructional Services Provided to Students Lacking Basic Skills	Available in Mathematics	Available in Language Arts
Pull-Out Remedial Instruction	No	Yes
In-Class Tutorial	No	Yes
After School Program	Yes	Yes
Summer School (2002)	Yes	Yes
Other	No	No

Interactive Distance Learning

This school does not utilize interactive distance learning. Interactive distance learning ranges from on-line courses with student-instructor interaction via the internet to live classroom interaction through two-way audio and video transmissions.

Student and Teacher Statistics	School	District K-6	State K-6
% of Students Retained in Grade after 2001-02 School Year	0.0	0.8	1.9
Teacher Attendance, 2001-02: Average # of Days Absent Due to Illness or Personal Time	7.5	7.0	8.1
% Certified Staff Assigned to Same School the Previous Year	90.6	89.2	83.5

STUDENT PERFORMANCE

Connecticut Mastery Test, Third Generation, % Meeting State Goal: The state goal was established with the advice and assistance of a cross section of Connecticut educators. The Goal level is more demanding than the state Proficient level, but not as high as the Advanced level, reported in the No Child Left Behind Report Cards.

Connecticut Mastery Test, 3rd Gen. % Meeting State Goal	School 2000-01	School 2002-03	District 2002-03	State 2002-03
Grade 4 Reading	87	79.6	74.3	55.9
Writing	88	74.2	76.1	61.5
Mathematics	87	87.0	80.9	60.4
All Three Tests	77.6	67.7	64.2	42.1
Grade 6 Reading	N/A	N/A	N/A	N/A
Writing	N/A	N/A	N/A	N/A
Mathematics	N/A	N/A	N/A	N/A
All Three Tests	N/A	N/A	N/A	N/A
Participation Rate	88.4	98.9	97.2	96.5

The figures above were calculated differently than those reported in the No Child Left Behind (NCLB) Report Cards. Unlike NCLB figures, these results reflect the performance of students with scoreable tests who were enrolled in the district at the time of testing, regardless of the length of time they were enrolled in the district.

Physical Fitness	School	District	State
% Passing All 4 Tests			
 Grade 4	75.0	45.4	32.6
Grade 6	N/A	N/A	N/A

Student Attendance	School	District K-6	State K-6
% on October 1, 2002	96.4	97.6	97.1

EVIDENCE OF SUSTAINED IMPROVEMENTS IN STUDENT ACCOMPLISHMENTS

Below is a summary, submitted by this school, of the major trends in student performance and accomplishments that indicate sustained improvement over time. Also, areas of need are identified and plans to address these needs are presented.

Student Performance

A comparison of the 2002 Connecticut Mastery Test with the results of years past shows continued excellent results. The math results for grade 4 show that in 2002, 87% of our students were at or above goal as compared to 77% in the fall of 1994. In the fall of 2002, the writing sample results showed that 74% of our students were at or above goal as compared to 1994 when only 44% of our students met goal. The results of the reading assessment showed that in 2002, 80% of our students were at or above goal.

Student Accomplishments

The Student Council, which includes students from grades 1-5, took part in many community service projects. Additionally, every student participated in the celebration of Duffy's fiftieth anniversary. A 50's Book was created to record the many projects that students, families, and classrooms did to honor Duffy's anniversary. Some collected 50 cans to support the needy, others collected \$50 to adopt an elephant. Students continually strove to make more and more meaningful connections to our surrounding community. Duffy had two student-led Character Assemblies that were both motivational and informational. There were 98 students that participate in the Sign Language Club before school.

Areas of Need and Plans for Improvement

Our school is part of a district-wide plan to align instruction and assessment with both National and State Standards. Our goal is to differentiate instruction so that our students will achieve to their maximum potential. We are also working on developing conceptual math at all levels. Teachers will also focus on increasing students' knowledge of technology as they integrate that technology into our curriculum. We will continue to integrate our town wide special education program for the severely learning disabled student with our regular education program and curriculum.

SUPPLEMENTAL SCHOOL INFORMATION

The space below was optionally used by this school to describe aspects of the school not presented elsewhere in the profile. For instance, character education or programs designed to improve school climate may be described.

Duffy's unique population is comprised of a combination of three neighborhoods, the students of the community surrounding the school, the students of the district special education program and the students of the neighborhood referred to as Stevens Street, who live far enough away to be bussed to the school. The school is ethnically and racially diverse with a student population that is 86% White, 6% Hispanic, 4% Black, 4% Asian, and less than 1% Native American. This mix of students and families from the different neighborhoods makes Duffy distinctive and provides opportunities for children to learn valuable lessons in respect, consideration, and appreciation of differences. One of our whole school objectives focuses upon character education.

Our Gifted and Talented Program called QUEST, works with approximately 4% of the student population to enrich their curriculum with independent projects. Duffy has an Early Intervention Program that supports reading readiness in grade one. The Early Intervention teacher works one-on-one with students in need, as well as small groups of first grade students. Additionally, Duffy supports a Basic Skills Program serving students in grades two through five, who need assistance in reading. We are committed to serving the needs of all Duffy students.

As a result of the Site Based Planning, an Enrichment Committee has formed to reinforce the curriculum, providing enrichment to all students. Each year students are exposed to the Star Lab with grade level appropriate curriculum. Site Based Planning is also responsible for the focus on technology, character education and the emphasis on the importance of excellent communication. Duffy has an outstanding web site supported by our PTO web site that brings current information to the parents.
